October 2023 *Flavoursome sauvignon blanc with grapefruit, lemongrass, red capsicum and lime zest flavours. An initial hint of sweetness is nicely balanced by refreshing acidity. Together they build an appealing tension.*

October 2023

Vibrant and youthful, varietal and nicely pungent to promote the aromas of fresh white fleshed fruits and pineapple core, basil and a crumbled mineral stone quality. Crisp, salivating, some saline texture and core of white fleshed fruits and citrus. A rather delicious expression ticking all the boxes of variety, style and origin. Best drinking from 2023 through 2026.

December 2023

The 2023 Main Divide Sauvignon Blanc leads with white flowers, tropical fruits, kiwi fruit, hints of pineapple and sweet pea. This is lively, fresh and crunchy—ideal summer wine. Ripe and good.

April 2024 *The 2023 Sauvignon Blanc Main Divide is a juicy, fresh, buoyant style with a bright, lively personality. Dry, balanced and fresh, it rests more on the greener, herbal side rather than the tropical spectrum*
