

Reviews & Accolades  
BEST EXTRA STOUT

DRINKSBIZ

June / July 2016

---

Coopers take on the dark side is something of an entry level dark beer. A sessionable pub stout, many will find this a palatable, un-confronting stout. The chocolate and coffee notes are there but subtle and ended with a medium bitterness. Though its flavour may allow for repeated trips to the bar, its 6.3% alcohol content should be respected.
