SPARKLING ALE

DRINKSBIZ

June / July 2016

Where the Coopers Pale is an outdoor, afternoon sipper, Coopers Sparkling Ale is a more serious night time beer. It's a more golden, sweeter, thicker, brew with a slightly caramel, moreish flavour. This is the brew they first made in Adelaide in 1862 and they've nailed it from the beginning. It's flavourful but that flavour doesn't linger with a slight hop bitterness and savoury afternote that keeps you coming back for more. Recommended.
