## FORMAT

375mL Can

50L Keg

## STANDARD DRINKS

1.2 per 375mL

**VEGAN FRIENDLY**

**PRESERVATIVE FREE**

## TASTING NOTE

With a bright golden hue originating from Coopers' own lager malt, the beer pours clean and clear.

Our easy-drinking modern Australian Lager features stone fruit and citrus aromas, with a dash of late hopping adding subtle tropical notes.

A slow fermentation using traditional lager yeast creates delicate floral notes on the palate.

Finally an authentic Australian Lager that pairs well with a barbie on a sunny day – refreshing from first drop to last.
