Coopers

FOREVER ORIGINAL

Each year the Coopers brewing team creates a unique seasonal release Ale. In keeping with its long heritage, this year's release is characterised by the hop selection. The 2022 Vintage features El Dorado, an American dual-purpose hop featuring Tropical, Pear and stonefruit notes and Huell Melon, a German variety delivering fruit and berry flavours. Expertly crafted, it results in a rich, balanced and full-bodied ale with floral and spice characters, with tones of berry, tropical and stone fruit. It is perfect to drink now, or if stored under cellar conditions, it will become more complex over time as the flavours evolve and develop.
