March 2023

Friendly and immediately approachable, showing dark berry, clove, olive and toasted nut aromas, followed by a beautifully rounded palate offering supple mouthfeel and smooth texture. Charming and lingering with an elegant dry finish. At its best: now to 2028.

90 POINTS

March 2023

Bright, ripe, complex and varietal with lifted scents of blackberry and sweet tobacco leaf, dark plum flesh and violets. Moderate impact if oak with some toasty spice and wood smoke qualities. Youthful and new. On the palate a dry wine with a youthful squeeze on the palate from acidity and tannins, contrasting core fruit flavours reflect the bouquet adding flesh and mouthfeel. Well made with medium+ length and finish. Best drinking from 2024 through 2030+.
