January 2023 *The signature of both Xanadu winery and the cabernet variety is writ large across the aroma profile...concentrated blackberry and blackcurrant fruit flavours. Long and plush with a tapered delicate finish. Lots to like.*

March 2023 *Gorgeously refined and complex, the wine shows blackcurrant, cigar box, olive and rich floral aromas on the nose, followed by a concentrated palate that's finely textured and flowing. Medium-full and superbly balanced, it's sturdy and silky at the same time, finishing long and engaging. At its best: now to 2032.*

November 2022 *The range would'nt be complete without a classy cabernet, so here it is. Bright and liveley blackcurrant varietal fruit aroma with a little cedary oak influence. There's trace of dark chocolate and dark plum. The palate is supple and smooth but with that necessary cabernet spine to keep it focussed through to its extended palate.*

August 2023 *Already turns on the charm with its combo of cassis and mulberries layered with spice, dried herbs and a distinct toasted nori note. It's complete and approachable with all elements woven in smoothly. Medium bodied with fine, lithe tannins (and plenty of them) matched to a vitality and freshness throughout. Excellent for the price*
