August 2022 *Beautifully fruited and fragrant on the nose showing golden apple, grilled peach, honey and warm spice aromas, followed by a succulent palate displaying rounded mouthfeel and elegant sweetness. Delightfully framed by juicy acidity, offering lovely drinking. Style: Medium-dry. At its best: now to 2030*

August 2022 *A lively, fruity, off-dry expression with aromas and flavours of apple and apricot nectar, some fine wet chalk mineral qualities, apple flesh, white peach and a whisper of spice. Medium acid line and balanced even finish. This is a very easy drinking expression with a core of fruit and gentle sweetness that will suit most moderately spiced fare. I found the best service temperature to be around 10 Celsius, but cooler temps for summer service also ideal.*
