

Cotes du Rhone Saint-Esprit

2021

90 POINTS

Cameron Douglas MS | camdouglasms.com

January 2023

Aromas and flavours of plums and red berries, there's a classic granite and hard stone soil quality, a balanced use of oak and a mix of red flowers with a peppery spice quality. Medium+ weight on the palate, dry with a core of red berry and plum flavours laced with spice and mild wood tones. Balanced and well made with best drinking from 2023 through 2027+. This is a classically styled wine, dry and gently firm with many applications for use with food.

March 2023

This is instantly appealing on the nose showing dark berry, rich floral, clove and hazelnut aromas, leading to a flavoursome palate that's filled with ripe fruit flavours together with elegant savoury nuances. Supple and silky, making it fabulously drinkable. At its best: now to 2026.
