NOUAISON

Nouaison means "setting", the beautiful metamorphosis stage from aromatic flower to luscious berry. Capturing the poised energy of the grape's evolution.

Complex, intense and spicy, G'Vine Nouaison is for gin connoisseurs an original and elegant alternative to traditional dry gin. With its bold 43.9% ABV and rich mouth feel, it's the definitive base for countless classic cocktails, such as the Negroni, as well as providing inspiration for new creations.
