THE VINEYARD

The Chardonnay prefers marly-limestone soils that are quite clayey, where it develops all its elegance and smooth flavours. It is the proportion of clay in the soil which determines the more or less aromatic, full style of the great dry white wines of Burgundy. The Patriarche Bourgogne Chardonnay comes from a balanced blend of 60 % grapes from Yonne giving minerality, Côte de Beaune giving elegance and finesse and Côte Chalonnaise (Montagny) giving rich and complex wines ; 40 % grapes from Maconnais giving freshness. The grapes are bought from wine growers with whom we maintain a long date partnership.

Since 1780, Patriarche has been the ambassador of the richesse and reputation of the terroirs and vintages of Bourgogne. As négociant-éleveur, Patriarche's scope of action is large: it starts with the supervision of the plots and selecting grapes and continues by vinifying and maturing the wines. It is during the ageing process that the wines develop their entire potential, substance and structure. All of these stages, give the style, the identity and the signature of the great house of Patriarche. Today 3 million bottles are ageing in Patriarche's cellars.

VINIFICATION AND VINTAGE

Traditional vinification by soft pressing of destemmed chardonnay bunches. The alcoholic fermentation is carried out in thermoregulated stainless steel tanks (freshness and fruit), followed by a post alcoholic fermentation racking. Finally, the wine is aged in stainless steel tanks to preserve its freshness and minerality.

Whether red or white, the wines of the **2023** vintage promise to be expressive, with lovely aromas. The weather year was rock-and-roll: mild winter, mixed spring, summer with heat spikes, cool, wet weather and thunderstorms. The harvest began at the end of August, in an unseasonably hot spell. After an easy vinification, the wines are peacefully installed in the cellars, in vats or oak barrels, to perfect their ageing.
