November 2021 *Aromas of cherry and strawberry, rose and berry preserves. Flavours reflect the bouquet with an off-dry expression, contrasting acid line and moments of baked goods. Refreshing soft mousse texture provides a softness while carrying flavour and length. Balanced and well made in a drink now expression.*

January 2016 *This charming sparkling rose is so easy on the palate, showing ripe fruit flavours and creamy texture, nicely framed by juicy acidity. Appealing notes of nectarine, rockmelon, citrus and strawberry are beautifully supported by vibrant mouthfeel, finishing long and pleasingly dry.*
