January 2022 *Fresh, spicy, reductive, fruity, varietal and enticing bouquet. Aromas of boysenberries and dark pums, raspberry and spices. Fruity and spicy as the wine touches the palate, flavours of dark berries and plums, dark roses and some mild toasty wood qualities. Firmish tannins are easily absorbed and acidity keeps the wine apalate fresh. Well made and ready to drink from 2022 through 2026. Decanting recommended.*
