

Pickering's Navy Strength Gin

Bottled at 57.1% for a pinch more punch. The higher strength actually brings out the sweeter botanicals such as cardamom, anise and fennel.

Affectionately known as the bearskin gin, we released this Expression to celebrate becoming official gin of The Royal Edinburgh Military Tattoo.

Tasting Notes

Smooth, clean and powerful. Initial juniper and aromatic spice flavours lead to a delicious sweetness.

Suggested Serve

Ice, tonic and a wedge of lime.

It's strength also makes for an incredible cocktail.

ABV 57.1%
