

PIG'S NOSE

BLENDED SCOTCH WHISKY

"SMOOTH AS A PIG'S NOSE"

The exceptional smoothness of Pig's Nose whisky is rooted in the use of only the finest Malt and Grain whiskies from the Lowland, Speyside and Highland regions of Scotland, matured predominantly in high quality ex-bourbon oak, with a good share of these casks being first fill. The result of this process is a whisky as **soft and smooth as a Pig's Nose.**

Our versatile blended Scotch tastes great shaken up in a sour, served tall in a ginger highball or simply poured straight over ice. Out with friends or a quiet evening in, Pig's Nose remains

smooth in any situation.
