Seekers of a light, minimalist, all-year-round drop need look no further than Sapporo. With classic Japanese refinement and crispness, Sapporo is subtle with a warm and toasty body contained in its golden glow. A perfect accompaniment to fish or salads - anything really that needs a fresh pairing. A favourite with the ladies in our tasting panel, it comes in either an elegant 330ml bottle or a bigger yet still classy 650ml silver can.
