

SmokeStack

SMOKESTACK is a richly peated (blended) malt of premium casks from Islay and the Highlands, each carefully selected for their smokey flavour.

At around 30ppm of phenol, this dram hits like a runaway train. Hang on for the ride.....

Tasting Notes:

- **Nose:** Vanilla and sweet peat smoke. Ginger and citrus notes. A hint of iodine.
- **Palate:** Heavy dry smoke with spicy sweetness. Light oiliness with sweet peat, ginger, lemon and honey.
- **Finish:** Long and drying. Late oils and more smoke.
