A subtle aroma of floral, red rose and dark cherry leads to a similar profile on the palate together with a savoury, dried herb and mixed spice character. A smooth-textured pinot noir with glycerol-coated tannins providing a gentle backbone.

This is packed with bright red-cherry aromas and has a sheen of rose-like flowers across the nose, which is somewhat of an Ata Rangi signature. Some light earth and forest wood as well. Fresh and complex. The palate has intensely defined tannins that deliver impressively structured style with crisp red-cherry and raspberry flavors, as well as red plum to close. A powerful McCrone.
