Cameron Douglas MS | camdouglasms.com

December 2022 *Pungent, bright, ripe and fresh fruited with aromas of lemon and peach, tropical fruits and fresh basil. There's a distinctive mineral quality with wet stones and salty air adding complexity. Crisp and fresh on the palate, a salivating acid line and vibrant fruit flavours of gooseberry and lemon, some tropical fruit moments and fruit spice qualities. Balanced and well made, ready to drink from 2023 through 2027.*
