Cameron Douglas MS | camdouglasms.com

February 2024

A delicious wine with a perfect balance between fleshy fruit concentration and structure. Flavours of apples and green pears, a touch of tart quince and citrus then a fine lees quality. There's a hint of light-beer showcasing some of the lees effect. Moderate+ acid line and weight with core flavours that reflect the bouquet. Well made with best drinking from 2024 through end of summer 2026. Serve slightly chilled.
