

Sauvignon Blanc

2022

92 POINTS

Bob Campbell | Real Review

September 2023 *Oak-fermented and oak-aged sauvignon blanc which explains the rich texture, ginger and spice/peppery characters that complement rather than compete with the wine's varietal flavours. Bright, vibrant, high energy wine.*

93 POINTS - EXCELLENT

Cameron Douglas MS | camdouglasms.com

October 2023 *An excellent bouquet of power and freshness, variety and expression of place. Mineral and citrus, pear and white peach, dried herbs and stones. A polished satin texture greets the palate first then contrasting acid line carries flavours of citrus and stone fruit, lemon and white peach. The herbaceous and mineral qualities along some wild flower highlights present a wine with energy and distinctiveness. Best drinking from 2023 through 2027+.*
