October 2020 *Complex and beautifully lifted, the bouquet shows apricot, mango, roasted hazelnut and flinty characters. It's succulent and richly textured on the palate, displaying excellent persistency and complexity with a hint of savoury nuance. At its best: now to 2024.*

August 2020 *Complex and wild, floral and textured, enticing and different. Flavours of white peach and lemon, wild flowers and leesy spices. There's a flinty wet rock flavour, plenty of acidity then fruit flavours of peach and citrus, a touch of creamy custard and lengthy vibrant finish. Different and interesting, fun and new. Drink now and through 2023.*
