

2020 INVIVO CENTRAL OTAGO PINOT NOIR

TASTING NOTE

This garnet-coloured wine is unmistakably Gibbston Valley. A wild bouquet of cherries, roses, mushroom, and forest floor complexity. A refreshing blend of earthy notes with lighter floral and fruit accents. Soft, supple, and velvety in the mouth but with enough acid to give a tingle on the tastebuds and cut through the flavours of any well paired flavour rich dish. Invites you back for another sip and another layer of complexity. Enjoy now or cellar for up to 4 years.
