August 2023

Very attractive bouquet filled with scents of fresh white nectarine and red apple flesh, there's a fine lees mineral quality and very floral overall. A silky texture touches the palate first then warming alcohol and a refreshing acid line with a saline touch follows. Fruit flavours remain persistent with the acid line adding focus and mouthfeel. A delicious wine ready to drink from late 2023 or early 2024 through 2029.
