September 2025

The enticing bouquet shows honeydew melon, mango, lychee, rose petal, and warm spice aromas, followed by a succulent palate that's velvety and flowing. Gorgeously complemented by subtle sweetness and beautifully pitched acidity, making it flavoursome and highly enjoyable. At its best: now to 2033.

October 2025

A totally delicious wine with a fragrant and increasingly intense bouquet of summer flowers and white fleshed fruits. There's lots of spice and herbs then a core of fresh fruits return. Fabulous silky texture with a contrasting phenolic herbaceous side enhanced with acidity and ripeness, spice and gentle barrel complexity. Best drinking from 2025 through 2030.
