February 2026

*It's fabulously aromatic on the nose with notes of nectarine, fresh herbs, lemongrass, and lime zest. The palate is equally appealing with excellent vibrancy, fine texture, and bright acidity, making it mouthwatering and instantly appealing.*

January 2026

*Aromas of melon, pears and lotus flowers follow through to a medium body with crunchy fruit and a crisp and delicious finish. Lots of Meyer lemon character at the end. Bone dry. Bring on the oysters. Drink now.*
